EMPLOYMENT ANNOUNCEMENT

Ref to CM of 8/20/2026

Position Title:	Local Outfield Practitioner (3 Posts)	
Grade and Salary (P/L):	Grade: 12/2	Salary: \$ 25,000.00 per annum
Ministry and Division:	Climate Change Directorate	
Duration:	Thirteen (13) months ending on 30 September 2027, with the possibility of extension subject to the availability of funds (Part-Time)	
Location:	Majuro	
Reports to:	Loss & Damage Project Manager	

JOB PURPOSE: The Climate Change (CCD) is implementing a Loss and Damage (L&D) project in partnership with New Zealand to strengthen national capacity to address the economic and non-economic impacts of climate change in Republic of the Marshall Islands. To support effective implementation of the project, CD seeks to engage three (3) local outfield practitioners who will be responsible for supporting the L&D Project Manager with the systematic collection of economic and non-economic loss and damage data to strengthen the national evidence base

KEY RESPONSIBILITIES:

1. Data Collection
2. Information Processing
3. Stakeholder Coordination
4. Community Awareness
5. Reporting & Dissemination
6. Project Support

MAIN DUTIES AND OUTCOMES:

- 1.1 Conduct household surveys, key informant interviews, focus group discussions and community consultations in accordance with project methodologies
- 1.2 Identify evidence locations and conduct follow-up interviews with community members to assess both economic and non-economic impacts
- 2.1 Transcribe and translate interviews, discussions, and fields notes while maintaining accuracy and confidentiality

- 2.2 Support organization and interpretation of data to reflect local context and cultural perspectives
- 3.1 Liaise with key stakeholders to arrange field visits, meetings, and community consultations
- 3.2 Maintain effective communication and foster collaboration relationship through project implementation
- 4.1 Encourage meaningful community participation and support knowledge sharing on loss and damage issues
- 4.2 Promote awareness and understanding of loss and damage issues and project objectives within targeted communities
- 5.1 Assist the Loss and Damage Expert and Loss and Damage Project Manager in preparing presentations, reports, briefing materials, and other communication products that effectively communicate project findings
- 5.2 Support the sharing of project data and evidence with communities, government agencies, development partners, and other stakeholders in accessible and culturally appropriate formats

DESIRABLE REQUIREMENTS:

Qualifications:

- Bachelor's degree in environment science, communications, or public relations, or a related field focusing on climate change awareness
- Minimum of three years' experience in conducting field work in the outer islands, public awareness outreach

Skills:

- Proven ability to communicate effectively with diverse stakeholders
- Good interpersonal and public speaking skills
- Communications; excellent written and verbal skills are essential

FILING INSTRUCTIONS:
